MÂCON-VINZELLES

« AUX CORLIER »

Plot

This great white wine is made from the Chardonnay grape variety, located in the village of Vinzelles, in the Mâconnais in Southern Burgundy. This plot has deep clay soil with a layer of flint of around 30cm. The name of the climate "Au Corlier" comes from the registered place.

Wine

The vines of these vines are approximately 70 years old.

The Domaine's vines are certified in organic and biodynamic agriculture, the soils of this plot are worked several times a year. The different varieties of plants present spontaneously are mowed. In the vineyards, the treatments are natural (sulphur and copper) at low doses, associated with decoctions and plant manure to promote the natural protective action. The 500P and 501 preparations are applied throughout the vegetative phase of the vine.

We carry out severe and manual disbudding, the aim of which is to control yields and improve the formation of Poussard pruning plants, as well as picking between the vines. We use several methods to protect the grapes during their development, such as weaving the vines in hot years, which allows them to be kept in the shade, and conversely rigorous cutting in rainy years. .

The addition of biodynamic compost, made on the estate with grape marc, horse and cattle manure, complements the green manure plantings between the rows. This method allows for a significant supply of naturally occurring and humic nitrogen, thanks to mixtures of plant varieties (clover, field peas, radishes, faba beans, rye).

Winemaking

During the harvest, the grapes are picked at maturity and harvested entirely by hand. Pressing is pneumatic in whole bunches, followed by static settling in 2 times before being put into must. Fermentation takes place in oak barrels, coming from French forests, and frequently ends in the spring of the following year.

Bottling often takes place in August, after a minimum of 11 months of aging.

The doses of sulfur used respect the DEMETER specifications (>90) and are often between 60 and 80 of Total SO₂.

Tasting Notes

Robe: or-vert, shiny.

Nose: lovely aromatic complexity where we find notes of narcissus and lemon.

Mouth: Fresh aromas of yellow fruits and citrus fruits, dense and distinguished at the same time, all in freshness and persistence.

THIS CUVÉE WAS DISTINGUISHED IN 2020 BY THE BETTANE ET DESSEAUVE GUIDE, IN 2018 IN BURGUNDY TODAY (N°143), IN 2017 IN BURGUNDY TODAY (N°137), IN 2016 IN BURGUNDY TODAY (N°131).
